LETTER OF RECOMMENDATION

Date: 6/6/2026

Author: Dr. Richard Thaler (Professor of Behavioral Science and Economics, UChicago)

Subject: Reference for Student James Wilson

It is my pleasure to write on behalf of James Wilson. James is a gifted student of economics with a keen interest in behavioral economics and decision theory.

He wrote a very insightful term paper investigating consumer heuristics in retail choices. He has my solid recommendation for graduate studies.

Sincerely,

Dr. Richard Thaler

Professor of Behavioral Science and Economics, UChicago
